THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the Inhabitants of the Town of Marlboro in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the High School in said Marlboro on Tuesday, the thirteenth day of March next, polls to be open at one of the clock in the afternoon, business meeting to be held at seven-thirty in the evening, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the Town will raise for repairs and construction of sidewalks or act in any manner relating thereto.

4. To see if the Town will raise a sum of money for repairs, water storage, equipment, supplies and other expenses of the Fire Department.

5. To see what sum of money the Town will raise for Electric Lights.

6. To see if the Town will raise the sum of \$2,500.00 to aid the Community Nursing Association or act in any manner relating thereto.

7. To see what sum of money the Town will raise for Memorial Day.

8. To see what sum of money the Town will vote for the purchase of tar for highways or act in any manner thereto.

9. To see if the Town will vote to accept State Aid on Class V road, raise and appropriate the sum of \$581.97, the State to give \$3,879.82.

10. To see if the Town will vote to raise and appropriate the sum of \$255 (1/100th of 1% of the valuation of the town) to the Monadnock Region Association of Southwestern New Hampshire for issuance and distribution of printed matter, newspaper and magazine advertising, and by other means calling attention to the resources and natural advantages of the town, in cooperation with the other thirty-seven towns of the Monadnock Region.

11. To see if the Town will vote to raise the sum of \$1,800 to help maintain the Frost Free Library or act in any manner relating thereto.

12. To see if the Town will vote to authorize the construction of a municipal building and fire station combined, at a cost not to exceed \$66,000 on the old town hall site, the balance of the insurance money now in the hands of the trustee of trust funds to be applied toward this amount, and that the selectmen be authorized to issue serial notes for the balance to be repaid in equal amounts plus interest over a ten year period.

13. To see what sum of money the Town will vote to raise and appropriate to support the program sponsored by the Recreation Commission.

14. To see if the Town will vote to raise and appropriate, for hydrant service, the sum of \$3,125.00, this being \$125.00 per hydrant.

15. To see if the Town will raise and appropriate the sum of \$3,983.43, \$1,000 to be used to pay the water note at

the Keene National Bank due December 15, 1962, the other \$2,983.43 to make up the deficit of the water works department for 1961 or act in any manner in relation thereto.

16. To see if the Town will vote to raise and appropriate the sum of \$1,090 for the purpose of installing modern toilet facilities in the Frost Free Library.

17. To see if the Town will vote to raise and appropriate the sum of \$400 to install the tone control fire alarm.

18. To see if the Town will vote to raise a sum of money for the purchase of airtanks and compressor for the Fire Department.

19. To see if the Town will raise and appropriate the sum of \$1,244.00 as its fair share of the operating cost of the Elliot Community Hospital.

20. To see if the Town will vote a sum of money to provide police protection for the school children while crossing Main St. or act in any manner in relation thereto.

21. To see if the Town will raise and appropriate a sum of money for installation of Christmas lights and decorations, or act in any manner relating thereto.

22. To see if the Town will vote to raise and appropriate the sum of \$50 for Civil Defense.

23. To see if the Town will vote to give the selectmen the authority to expend not to exceed \$500, if equipment is available for the use of the Town through Civil Defense.

24. To see if the Town will vote to adopt the provisions of games of beano or act in any manner relating thereto.

25. To see if the Town will vote to accept the sums for perpetual care of Cemetery lots received since January 1, 1961.

26. To see if the Town will authorize the Selectmen to borrow on the credit of the Town in anticipation of taxes.

27. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate acquired by the Town through Collectors' deeds.

28. To hear reports of Town Agents or Committees of other officers heretofore chosen or appointed and pass any vote relating thereto.

29. To transact any other business that may legally come before the meeting.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and sixty-two.

ALFRED S. DESPRES,
WALTER E. BUCKMINSTER,
CHARLES T. RICHARDSON,

Selectmen of Marlboro

A true copy of Warrant—Attest:

ALFRED S. DESPRES,
WALTER E. BUCKMINSTER,
CHARLES T. RICHARDSON,

Selectmen of Marlboro

LEO P. LAMOUREUX,
Finance Officer

FIRE WARDS REPORT

Ending Dec. 31, 1961

Marlboro Fire Department answered 17 still alarms, 3 general alarms, and one mutual aid call to the Spofford Lake Hotel.

In return for our one mutual aid call, mutual aid sent 4 companies in for the fire at Stone Pond and 6 companies for the Town Hall fire.

The Fire Wards of Marlboro want to thank Police Chief Ernest Thoin and his department for their fine cooperation, and also extend their sincere thanks to the organizations and individuals of Marlboro for their help with refreshments at our general alarm fires.

Fire Wards:

LEROY P. DERBY,
LLOYD O. FRECHETTE,
ARTHUR P. LAURENDEAU,
ROBERT O. CAPRON,
ALEX GREENDA.

REPORT OF RECREATION COMMISSION

The financial report on an adjoining page shows the general categories into which our activity was divided and the amount of expenditure for each. We feel that there are a few other areas in which we may conduct activities in the coming season and we are willing to consider suggestions anyone may wish to give that will help to improve our program.

During the past summer, Robin Beauregard served as our playground director. It was not possible to obtain an assistant who could work for the full period but we were able to get different ones for short terms. The program functioned well and the overall results compared favorably with those of previous seasons. Activities included supervised play in the school area, games at the athletic field and trips to the swimming area at Harrisville.

We are attempting to maintain the athletic field in good condition by keeping it mowed and putting on loam in some spots. A set of outdoor basketball standards installed at the skating rink area will increase the potential of use there. In the spring we shall attempt to put other equipment there although the use of the rink as a tennis court will be relatively unsatisfactory until we can improve the surface. This is a costly project and should probably not be attempted until after other needed items are provided. High on the priority list should be some plan for toilet facilities.

Our Hallowe'en program continues to be curtailed to some extent because insurance regulations do not permit the use of local trucks for floats. However, through the cooperation of the fire department the parade is still held and enjoyed by those participating. The usual schedule including pre-school party, rides on fire trucks, a parade, movies, refreshments for all, and dancing for the older group combine to give a full evening of activity and seem to accomplish the desired purpose.

The Commission again assisted the Red Cross Swimming Program with some transportation aid. We look forward to the day when some means can be found to develop swimming facilities in our own town. This would add materially to our cost of operation but would likewise give a much needed facility to the community.

We have several problems ahead as mentioned above. We have hesitated to ask for a major appropriation in view of the heavy demands in other areas recently but the time should come when the program is expanded. We hope that we can arrange to provide some evening recreation in the next few weeks for adult groups.

In conclusion we wish to express our appreciation to all who have helped to bring wholesome activity to our young people. We are especially indebted to the members of the fire department for maintaining ice at the rink. We ask your continued support and solicit your suggestions for ways to offer a better program.

Respectfully submitted,

DAVID E. CHENEY.
OMER M. DUMONT,
IRVIN H. GORDON,
FRANK T. ROBINSON,

Commissioners

Report submitted by Irvin H. Gordon, Treasurer.

REPORT OF POLICE DEPARTMENT

Year 1961

We investigated seven breaking and entering, 38 accidents, two of these were fatal ones. Also we made seven arrests of various natures. We suspended 11 licenses and revoked 3 licenses. Found 4 drivers without licenses. Five of these cases were taken to court for motor vehicle offenses.

We checked 469 cars for inspection. We have had quite a lot of trouble with children this year starting fires, stealing and breaking windows. There were 12 boys involved in these things. Due to this, I think that the parents should check on them more often and see that they are home nights at an early hour instead of playing on the streets.

We have had a number of damages done by dogs this year and have had to dispose of 9 of them. I would like to have the owners keep their dogs at home and not let them run all over town. Property damage done by motor vehicles for 1961 was \$9,861.00. Twelve dollars was paid Keene Police Dep't. for transients. Also paid for one red light in the amount of \$25.

I wish to thank everyone that has been helpful to the Police Department during the year.

Respectfully submitted,

ERNEST THOIN,

Chief of Police

ANNUAL REPORT OF THE FROST FREE LIBRARY

To the president and trustees of the Frost Free library the librarian submits the following report for the year October 1, 1960 to October 1, 1961.

The library was open 147 regular days and 26 days for story time. Total attendance for story time was 479.

Circulation of books, pamphlets and magazines

Adult fiction	2229
Adult non-fiction	922
Magazines and pamphlets	1446
Juvenile fiction	3722
Juvenile non-fiction	559
<hr/>	
Total Circulation	8878

We have borrowed 102 books from the State Library for special exhibits. We have handled 161 special requests from our patrons to the State Library. We have borrowed 5 films which have been used at story time.

Books borrowed from the bookmobile.

Adult fiction	188
Adult non-fiction	182
Juvenile books	435
<hr/>	
Total	805

There were 216 new books purchased this year. Mrs. Alice Knight gave the book "Russia and the West" by George F. Kennan which has been placed on the Memory Shelf in memory of her father. The \$200 State Aid grant to be used for juvenile books bought us 98 books. These books were selected from the

Joplin suggested reading lists. We have spent \$50 extra from our budget in an effort to meet the demand in this section. We loaned 858 books to the school this past year.

The Shieling Group of which we are a member has purchased over 250 non-fiction books. These books are divided among the four towns Troy, Sullivan, Swanzey Center and Marlboro. The books are rotated every two months. This collection of books is a great asset to our non-fiction and reference collection.

Mrs. Arthur Knight and I were awarded scholarships for a four week Story Telling Course which was given at the Manchester City Library. This course was sponsored by the State Library. The text books and the required reading books were furnished by the State Library. At the end of the course many of the books were given to the libraries represented. This was a gain of 5 books for our library which will aid us with our story telling program. I wish to take this opportunity to thank Mrs. Knight for her interest and devotion to this program. We are most grateful.

National Library Week activities continues to give our library the publicity necessary to keep our patrons informed as to our many services as well as the wealth of information available on our shelves. Our thanks to Mr. Alphonse Despres our local chairman, and his committee and exhibitors for their interest and time spent to make this week a success.

N. L. W. citizens committee :

Frank Knight, American Legion

Thomas LaFrenier, Rod and Gun Club

Mrs. Nelson Megna, Catholic Women's Club

Mrs. Howard Croteau, Ladies Circle

Eleanor Labrie, and Mr. Joy, School Faculty

Philip Clark, IOOF Lodge

Harvey Gaseau, Holy Name Society

Mrs. Robert Bennett, P.T.A.

Mrs. Mabelle Page and Miss Ruth Hemenway, Library Trustees

Exhibitors: Coin Collection, Paul Lorandean and Richard Beauregard. Fly Tying, Ralph Kendall. Archery, Jesse Ward. New England Champion Archer.

Local Crafts: Mrs. Arlene Pratt, Mrs. Henry Arsenault, Mrs. Mae Hildreth, Carolyn and Jeane Purchase, Annie Mac Namara, Cecil Nash, Clifford Seavey, Robert Bennett, Mrs. Harriet Parker, Mrs. Raymond Huot, Mrs. Fred Clark, Richard Grover, Charles Call, Richard Hakala.

Through the interest and efforts of this committee the church groups have realized the need to have information available for their denomination. The books and magazines given by the churches are a valuable addition to our library and they have been greatly appreciated by all who have found them on our shelves.

We are most grateful to the school faculty for their co-operation and support they have given our many projects through the year.

The summer reading program was most successful. There were 50 who participated. Thirty two attended the party given to honor the winning team. Circulation increased 50% over last year for the same period of time.

Our library is fast becoming the social center as well as the cultural center of our town. During this past year we have had 77 library meetings in our library. This is proof enough that the interest in our library as well as the use of its facilities is growing. The telephone has been a welcomed convenience for patrons and librarians.

This has been a busy library year for Mrs. Lane and me. We find our work most gratifying and we are looking forward to another enjoyable year. As librarian I wish to take this opportunity to thank all who have so willingly participated in our special events this past year. The continued interest and cooperation shown in our library leads me to believe we are a growing community. Let not our library be measured by the number of books on its shelves, nor by the cataloging system, nor by its agility in keeping abreast of current publications.

but entirely by the number of persons who make beneficial use of it.

The philosopher Bertrand Russell asserts that a man is equal to that which he understands, from which one may infer that if an American understood the modern world he would be equal to it. This may be an optimistic view, but the converse is unquestionable; if he does not understand it, his chance of being equal to the occasion is remote. In any event, there is the most urgent need for our people to broaden their intellectual horizon with all possible speed, for the moment of crisis is already upon us. It is not enough to train the rising generation to meet their new responsibilities for irreversible decisions must be made before they come to maturity. It is the quality of American men and women who are already of voting age that will tell the tale.

We should enjoy knowing what is happening, and more exciting why it is happening. As an alert member of the American democracy, we can then stand up and be counted in the daily informal poll of 150 million opinions that really decides where our nation goes from here.

Your library is at your service. Our motto is :

“You name the book we’ll get it!”

Respectfully submitted,

CORINNE NASH,

Librarian

MARLBORO COMMUNITY NURSING ASSOCIATION

Annual Report of Town and School Nurse

January 1, 1962

During the year 1961, a total of 488 calls was made. Of these 330 were at \$1.00, 12 were partial pay, 78 were at 50c and 68 were free. Approximately \$400. was collected and a remainder of \$147 is uncollected. Due to the increasing number of 50c, part pay, and free calls, it seems to me the Nursing Service is fulfilling it's original purpose even more, perhaps, than in some previous years, in providing nursing care to all who need it regardless of ability to pay.

Our equipment—loaning department has been as busy as ever with both wheel chairs on constant loan, and 2 commode chairs still on loan; the hospital bed has been busy but is now “back home”, and the adjustable crutches, always popular, are now “back home” also.

At school 291 physicals were completed with the school doctor. Defects found for which notices were sent to parents include the following:

Excess of wax in ears	19	Malocclusion of teeth	5
Dental cavaties	71	Heart murmer	3
Enlarged tonsils	17	Eczema	1
Enlarged adenoids	1	Question of Bronchitis	1

Nurse inspections included the following:

Head inspections	121	Found active	2
Heights and weights	191		
Eyes examined	372	Found defective & notices	
		sent—	28
Ears tested	191	Newly defective and notices	
		sent—	3

I am still in the process of testing ears but hope to have them finished before the end of January.

There have been 2 cases of chicken pox reported. The usual number of pupils have received minor first aid, and several children have been taken home after becoming ill at school.

In closing I would like to say a word to the mothers of our school children. Please check your children's heads frequently for signs of head lice. In many schools this has been a big problem to the school nurse. I am proud to report to you that in the past 12 years it has not been a very great problem here. I was proud this year, too, to see all the heads for the most part shiney-clean and healthy. It is easy to contract an "active" head in most any public place but it is also easy now days to promptly "inactivate" it. I was proud of the children this year and the parents behind them.

Thank you for your cooperation.

Respectfully submitted,
MARGARET A. FORD, R.N.

OLIVER F. DERBY,

Treasurer

THE STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the inhabitants of the school district in the town of Marlboro qualified to vote in district affairs :

You are hereby notified to meet at the high school in said district on the 8th day of March 1962 at 3 p.m. in the afternoon to bring in your votes for the election of the following officials :

1. A moderator for the coming year.

A clerk for the ensuing year.

A member of the school board for the ensuing three years.

A member of the school board for the ensuing one year.

A treasurer for the ensuing year.

One auditor for the ensuing year.

You are hereby further notified to meet at the High School in said district on March 8, 1962 at 8 p.m., to act upon the following subjects: (Polls will open not later than 3 p.m. nor close earlier than 9 p.m.

2. To determine and appoint the salaries of school board members and the truant officer, and to fix the compensation of any other officer or agents of the district.

3. To hear the reports of agents, auditors, committees or officers chosen, and to pass any vote relating thereto.

4. To choose agents, auditors and committees in relation to any subject embraced in this warrant.

5. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the salaries of school district officers, auditors and agents, for the payment of statutory obligations of the district, and to authorize the application against said appropriation of any sums as are estimated to be received from the state equalization fund, together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

6. To see if the district will vote to raise and appropriate the sum of one thousand and one hundred dollars (\$1,100.) to be used as matching funds for Federal Aid for math and science under provision of the National Education Defense Act; and to approve the acceptance of Federal Aid Funds.

7. To see if the district will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.) for the purpose of installing a sprinkler system in the Elementary Building.

8. To transact any other business which may legally come before this meeting.

Given under our hands at said Marlboro on this 3rd day of February, 1962.

ALICE R. HILDRETH,
ALDEN J. BEAUREGARD,
HARVEY J. GASEAU,

REPORT OF SUPERINTENDENT TO THE MARLBORO SCHOOL DISTRICT

It is a pleasure to submit to you my third annual report as Superintendent of Schools.

School opened in September with an enrollment of 409 pupils, an increase of 21.

Back in 1950 our educational systems throughout the country were reeling under the impact of an unprecedented combination of forces. They were being put to the test by the simultaneous strains and pressures of the post-war population boom, the explosive increase of knowledge, and the urgent demands for a vast new supply of highly trained manpower. Today we are still talking the same language especially after the launching of the first Sputnik in 1957, and now the race for space and missile superiority. We find ourselves in education saying the same things over and over again:—too few rooms per building, too few buildings per school, too few supplies of all sorts, too few teachers per building. To add to the “too fews,” we are now saying, because of the diversity of peoples and cultures, that a reshaping of curriculum so as to emphasize quality, and solid subject matter of content as well as intellectual discipline is needed in our schools. In our day of medical triumphs, the miracle drugs, open heart surgery, tranquilizers and Salk vaccine, education too is making a sharp breakthrough. Never before in history have our schools engaged in such a widespread experimentation program to meet new educational requirements, and never before have so many hopeful new approaches developed in such a relatively short period. We are entering upon an era which will test to the utmost the capacity of our democracy to cope with the gravest problems of modern times. We cannot stand still, drastic changes are looming before us, to up-date courses, revise curriculums, teach more and more to each child, carry everyone through high school and

more to college, produce a better supply of trained manpower, develop better and higher skilled leadership, and creative scientific minds. Yes, all this, our founding fathers made clear their convictions that democraey could only work through greater and better education for all boys and girls throughout the land.

I am sure the citizens of Marlboro will look ahead to their educational needs and especially to the problem of pupil growth already in our elementary school which will overerowd the High School in the very near future.

I wish to thank the School Board and citizens of Marlboro for the cooperation given me over the past three years.

PAUL L. CLARK,

Superintendent of Schools

REPORT OF PRINCIPAL OF MARLBORO SCHOOLS

To Paul L. Clark, Superintendent of Schools:

The following pages contain my report as Principal of the Marlboro Schools. In general, the report covers the activities which have occurred during the past twelve months and the content of the report is not bound to the fiscal year. Since the report deals mostly with teachers, pupils and facilities, rather than dollar and cents items, it seems better to make it as current as possible. I trust that it will be of some interest to the citizens.

Eleven of the above pupils in grades 7-12 are from Roxbury and will not be here next year. In grades 1-6 there are eighteen Roxbury pupils. These pupils are almost equally apportioned so no grade will be greatly changed in size. Census figures indicate that incoming first grades will continue to be approximately forty pupils in size.

School Staff

Any survey would show that few schools in the small communities of New Hampshire are as fortunate as we in retaining teachers. Many schools our size experience an annual teacher turn-over of 50% and higher. This factor can certainly make effective continuity of program difficult to achieve. Our elementary staff is the same as last year with the exception of Mrs. Clara Keezer who replaced Richard Joy in Grade six. Mrs. Keezer had done educational work in Vermont prior to coming here. One other change occurred in the staff when Nelson Megna resigned to accept an administrative position. Manuel Zax was engaged to replace him. Mr. Zax had taught in other schools in the area and is doing an effective job.

I can speak only with praise for our staff. They work effectively in the classroom and give a great deal of time and effort to helping keep a worthwhile extra-curricular program functioning. I suspect that few citizens realize the amount of time spent in behalf of the students by our staff members after regular school hours.

Practically all members of the staff have taken advanced courses during the past year, either at summer school or under the extension program. In addition to this, workshops have been conducted in some subject matter fields to familiarize staff members with the newest materials and methods.

Our custodians are conscientious in the performance of their duties and are maintaining the buildings in good order.

The School Plant

Several improvements have been made in the elementary building, particularly in the areas of fire protection and safety.

Among these are installation of fire doors with fusible links at the top of the basement stairways, painting of halls and corridors with fire resistant paint, installation of three fire exits in basement rooms and installation of sprinkler heads in the boiler room. In addition to these, certain safety practices recommended by the N.H. Fire Marshal have been adopted.

Necessary minor repairs have been made promptly when the need occurred and some exterior painting has improved the appearance of the building. During the fall several large, dead limbs were removed from the trees on the playgrounds as a safety factor.

Status of Schools

The elementary school and its staff meet all the requirements to make it an approved school. This means that equipment is adequate and that the teachers meet certification requirements.

The high school is approved by the State Department of Education as a Comprehensive High School. This rating is given by virtue of the school's meeting the conditions prescribed in the state standards.

The school is a member of the New England Association of Colleges and Secondary Schools which is the accrediting agency for this section of the United States.

Pupil Needs

The past decade has probably seen more change in the demands made upon students than has any previous comparable period of time. It is no longer enough for students to be performing well; they must be performing at the peak of their potential if they are to get admitted to some of the better post-secondary institutions. Many of these are only interested in the top ten or fifteen percent of the members of a class and College Board scores must be higher than before in order to be impressive. Pupils need encouragement at home to develop good study habits and do the reading and research that promote the qualifications mentioned above.

College bound students need to plan early for their future and outline and follow a program of study that will satisfy admission requirements of the schools of their choice. Students intending to enter technical schools or other short term training schools have similar obligations to themselves and need to be able to give evidence of seriousness of purpose.

Students have need to avail themselves of opportunities to enrich their training whenever possible.

Parent Responsibility

Most of us parents would be completely amazed to spend a few days on a college campus and see what is expected of our sons and daughters. When one remembers that the difference between college and high school is only a summer vacation the need for giving these young people a favorable home study situation is evident. Insistence upon nothing less than the best of which they are capable is a must if they are to enjoy marked success later.

Everything that has been said about the college bound student applies equally to those not planning on further education. Personnel directors who screen young people for employment are looking for boys and girls with a well established pattern of desirable habits and proper attitudes toward responsibility and toward adults. The school can work to develop these but the home must cooperate. I can only urge that parents take a serious look at today's world and its requirements and then do all in their power to stimulate students to exert every possible effort to perform to the best of their ability.

General Comments on Grades 1-6

Our organization is the same as last year with eight teachers doing the work in these grades. There are two sections of grade one with a total of 43 pupils, a second grade of 28 pupils, a second and third grade combination with 21 pupils, and a third grade of 29 pupils. Grades four, five and six are taught as units. These eight teaching stations use all space that is really suitable for full time classrooms so some rearrang-

ing of classes is necessary as the larger groups move through the grades.

We are continuing the use of the Joplin reading plan and a similar plan for ability grouping in arithmetic. These group plans seem to be effective as they permit pupils to move with other pupils who perform at the same level.

Considerable new material and equipment has been acquired for use in science and mathematics. A portable science demonstration table will be a valuable addition. Use of educational TV continues through the facilities of Channel 11.

Our participation in the outdoor education program at the sixth grade level continued last year and our pupils spent a week at Camp Union in May. This phase of education is gaining wide support in the state as several other groups have patterned their programs after the one initiated here several years ago.

The elementary students receive special instruction in art, music, remedial reading and natural science. Several elementary pupils are taking private lessons on musical instruments. We might well give some consideration to developing a much broader program in this field.

School Lunch Program

Our school lunch program serves approximately one hundred type "A" meals per day. We have tried to hold the cost down and the program derives some support from district funds. The program offers a variety of menus and there can be little criticism of its value. We urge more parents to consider the value of the balanced meal and to encourage pupils to eat on this program rather than to lunch on incidental items.

Extra-curricular Activities

Our list of extra-curricular activities is extensive. Under the leadership of the Student Council a calendar of events is arranged in the fall for the entire year. Each class sponsors traditional events and these are supplemented with informal af-

fairs such as record hops. These are planned to give the pupils wholesome recreation on Friday or Saturday nights.

Annually the Student Council sponsors a dance at Christmas season. The purpose of this is to assemble a collection of gifts for the Laconia State School.

The Marlboro-Troy winter carnival dance was held at Troy last year and will be here next month. This dance is the concluding event of the two day carnival which has done much to promote good inter-school relations.

During the past year our music and dramatic groups have participated in a variety of activities including the senior play, one act play competition at the University of New Hampshire and chorus appearances on several occasions. Four of our students attended the All State Festival at Nashua.

A very successful Science Fair was held in the early spring with fine projects in Chemistry, Physics, Biology and General Science. David Upton, local winner, represented our school at the State Science Fair and won honorable mention. In addition to the above, a junior high Science Fair was held on a separate date with many very interesting demonstrations and projects.

Our school has also been represented in competition in the state spelling bee, the D.A.R. pilgrimage and the American Legion Oratorical contest. In the latter, Irvin Gordon was a finalist and won third place.

The school was host to Monadnock Regional Student Council Association last fall for a very successful meeting.

The above items are mentioned because we believe they belong in the overall school program and offer pupils the opportunity to develop talents and interests outside the classroom area.

Athletics

Last season our basketball team was in the state playoff and was eliminated early in the competition but only after putting on a fine competitive display. In baseball last spring

the team enjoyed a fine season during which they won the championship of the Southwestern League and went on in state competition to win the first state championship in the history of the school.

The 1961 soccer team had an impressive record and won the League championship but was eliminated in the state tournament in a classic 1-0 contest.

Currently, the basketball team is rated as the top Class S team in the state and should give a good account of itself in the coming tournament.

Our school has had to follow the trend and play fewer girls' interscholastic contests because most of the schools with which we compete are not willing to play night contests or do not permit girls' competition at all. It has been possible to schedule a few afternoon games but the total schedule is still lighter than it was a few years ago.

The junior high boys compete with other schools in the area in touch football, basketball and baseball.

Our teams have played well and showed good sportsmanship at all times. They display a sound knowledge of the techniques and the rules and are a credit to our hard working coach, George Hamilton.

I wish to stress that part of our success in athletics may well be due to a full program of physical education in which the development of strong and sound bodies is of primary concern. As a basis of this program, all students are given a physical examination by our school doctor. Our school nurse extends this by testing the eyes and ears of every pupil and conducting follow-up work wherever the need for corrective treatment appears.

Class of 1961

Twenty-one students received diplomas at graduation exercises last June. The members of the class are presently occupied as follows: four at the University of New Hampshire;

three at Plymouth Teachers College; two at Keene Teachers College; one at University of Tennessee; one at Concordia (Ill.) Teachers College; one at Oberlin College; five are gainfully employed in the local area and four are serving in the armed forces. The twelve who are attending college give us a figure of nearly 60% of the class which compares favorably with anyone's standards. Several members of this group received substantial scholarship assistance from the colleges.

This group and other recent classes will make valuable additions to our rather active Alumni group. We are pleased with the organization of the Alumni and the associations we are having with it. Currently the group is working toward the creation of a scholarship fund and is making an improvement award at graduation.

Looking to the Future

Our schools will lose about thirty pupils when those from Roxbury transfer to the cooperative district in September. As stated elsewhere in this report no noticeable effect will occur in any particular grade. We shall, however, miss these boys and girls as they have become closely associated with us and we have found it a pleasure to provide educational opportunities for them.

The senior class has twenty-eight members at present and the plans of most of them are beginning to take definite shape. Approximately two-thirds of them plan to enroll for post-secondary education next year and the others have plans for employment or for entering the service.

As we look ahead we have two major problems to keep in mind. One is keeping our curriculum adjusted to meet possible revisions in minimum standards so that we can maintain our comprehensive rating and the other is the inevitable need for more space as the present elementary grades reach junior high level. A study of the tabulation at the beginning of this report will show what the situation will be in two or three more years. We have no unused space at the present time!

The problem of continuing to maintain standards for ap-

proval can be met with a reasonable amount of adjustment. It will mean some increase in staff but the amount by which the staff can be increased is limited by the space available. This emphasizes the need for more space.

Conclusion

After working in these schools for many years one comes to have a feeling of devotion to the task and a feeling of appreciation for the loyal support given from many sources. This community is fortunate in having had citizens serving on the school board who have been dedicated to the welfare of the youth. Many of the problems faced have not been simple and many of the decisions have been difficult to make but under the leadership of capable superintendents the school board has continually done a job which deserves the praise of the citizens.

The years to come will present other problems but an attitude of the people in which constructive criticism leads to improvement and friendly curiosity leads to understanding, coupled with continued faithful efforts of the staff, will assure the boys and girls of Marlboro an education with which they can meet the challenges of the future.

Respectfully submitted,

IRVIN H. GORDON.

**MINUTES OF THE ANNUAL SCHOOL MEETING
OF THE MARLBORO SCHOOL DISTRICT HELD
MARCH 6, 1961**

Meeting called to order at 3:00 p.m., March 6, 1961 by Moderator Ralph A. Pierce and warrant read. The election officials were qualified. The moderator declared the meeting open under Article 1 calling for the election of a moderator, a clerk, a member of the school board for three years, a treasurer, and an auditor under the Non-partisan Ballot System.

The meeting was further called to order at 8:00 p.m. by the moderator to act upon the following subjects. The moderator read Articles 2 through 10 inclusive, and declared the meeting open for action on these articles.

Article 2. Voted favorably on the motion of Alice R. Hildreth that we accept the salaries as printed in the budget.

Article 3. Voted favorably on the motion of Alice R. Hildreth that the reports of agents, auditors and committees be accepted as printed.

Article 4. Voted favorably on the motion of Hector P. Dionne that we pass over this article.

Alice R. Hildreth requested permission at this time to introduce a motion to take up Article 9 prior to Article 5. There was no objection to the request and it was voted favorably on the motion of Alice R. Hildreth that we take up Article 9 at this time and that she be allowed to read a letter from the office of the State Fire Marshal and make comments on its contents. Mrs. Hildreth then read the following letter and explained what action the school board had already taken and what action it hoped to take in the future to fulfill the recommendations of the Fire Marshal.

The State of New Hampshire Board of Fire Control
Office of Fire Marshal

Concord

February 28, 1961

Mr. Paul L. Clark, Superintendent
Supervisory School Union No. 38
Marlboro, New Hampshire
Dear Mr. Clark :

An inspection of the Marlboro Elementary School was made by Principal Irvin Gordon and me on February 17th, 1961.

This is a wood constructed building of old vintage and at the present time has some 190 students within the building. The building was found to be in clean condition, with the custodian giving thought to good housekeeping, which assists in the prevention of fires.

The following items are for serious consideration by you and all concerned following this annual inspection of this building :

1. All fire extinguishers to be recharged and tagged at least once a year. Inspection showed no tags on the fire extinguishers, but understand they were checked at the beginning of the school year.

2. All rubbish containers to be of metal with metal covers. Many cardboard cartons corrugated type rubbish barrels were found during the inspection.

3. Serious thought to be given to a second means of egress from Rooms No. 1, No. 1A, No. 2 and No. 3, as at the present time one must go into the hallway in order to exit to the out-of-doors, and where this building is open from the basement to the top floor, fire, should it occur, would take possession of the hallways thus preventing escape from these rooms.

4. As has been requested before, a fire alarm system, marked as such, with a klaxon type horn or horns, located within the building to be heard throughout the building at all times. If a

passerby should see smoke or think the building on fire the only way to sound an alarm now would be to call out the words "Fire", due to the fact they would be unable to locate the old, antiquated type fire alarm.

5. Once again, serious thought should be given to a second means of egress directly to the out-of-doors from the hot lunch room.

6. A manual shut-off, conveniently located, should be had for the gas range in the hot lunch room. If the present range should develop trouble the only way at the present time which could be found during the inspection to shut off the gas would be for someone to go out-of doors and shut it off at the source of supply.

7. It is recommended, as it is in all school buildings, that a sprinkler system be installed for the entire building. This is a watchman 24 hours a day.

8. Two (2) sprinkler heads, located over the present furnace, should be had for better protection in this open type furnace room.

9. All hallways and stairways shall be painted with a fire resistant paint.

10. The custodian's room, and so-called workshop, is located under the front stairs. This in itself is a very serious potential for fire and can cut off the main exit of escape and, therefore, should be cleaned out and closed off.

11. The rooms in the basement should have two ways out. Inspection showed that in one room a window had been renovated in order for it to swing out, but with no way to get to said window, and at a time of emergency a teacher would not have the opportunity to push up a wall and out a window.

12. At such time as the present Soda and Acid fire extinguishers located throughout the building do not stand up during their testings, as should be done each five (5) years, they should be replaced with the newer type water extinguishers.

13. Serious thought should be given the renovation of the halls for the installation of smoke doors in order to hold back smoke, heat and fumes until the building can be evacuated. If a good smoke enclosure is forthcoming it could possibly do away with item No. 3.

High School

An inspection of the cement-block construction new High School was made at the same time, and it was gratifying to find a fire alarm system, exit doors, etc. installed. It is hoped although nothing was found during the inspection that good housekeeping and keeping down of all unnecessary flammable materials will continue.

Please accept my sincere thanks to Principal Gordon for his most kind cooperation during these inspections, and please feel free to call on us for any questions which might arise, as this Department is not only interested in the safety of its occupants, but also the saving from fire of the building.
HLW: JLO

Very truly yours,
N. H. BOARD OF FIRE CONTROL
/S/ HERBERT L. WHITNEY,
HERBERT L. WHITNEY,
Deputy Marshal

CC to: Mr. Irvin Gordon, Principal

Mr. Alden Beauregard, Chairman School Board
Fire Chief Leroy P. Derby

Following the reading of the letter, Mrs. Hildreth explained that the School Board was recommending that the sum of \$1,200 be added to the budget as printed to carry out recommendations of the Fire Marshal.

Article 9. A motion was introduced by Leslie Knight that we raise and appropriate the sum of two thousand, five hundred dollars (\$2,500) for the purpose of installing safety measures and equipment in the elementary school building to insure egress from the present third and fourth grade rooms

and to be sure that the money is used only for that purpose. A voice vote on the motion was inconclusive and a standing vote was called for by the moderator. The motion was defeated by a vote of 49 opposed to 39 favoring.

Article 5. Voted favorably on the motion of Alfred W. Thomas that we raise and appropriate \$166,772.27 and authorize and direct the school board to apply against said appropriation such income as is estimated by the school board, exclusive of state aid, and upon the determination of the amount of state aid to be received by the school district during the next fiscal year, to authorize and direct the school board to apply against such appropriation the sum to be received from state aid, and, with the school district clerk, certify to the selectmen the balance as an assessment to be raised by the town for school purposes. As the time for the closing of the polls under Article 1 having arrived, the moderator declared the polls closed at 9:00 p.m.

Article 6. Voted favorably on the motion of Omer M. Dumont that the district raise and appropriate the sum of one thousand dollars (\$1,000) to be used for instructional aids and teacher service for an enrichment program in math, science, language, etc. for capable pupils.

Article 7. Voted favorably on the motion of Alphonse Despres that the district raise and appropriate the sum of one thousand one hundred dollars (\$1,100) to be used as matching funds for Federal Aid for math and science under the provisions of the National Education Defense Act; and to approve the acceptance of Federal Aid Funds.

Article 8. Voted favorably on the motion of Alice R. Hildreth that the district raise and appropriate the sum of two hundred dollars (\$200) as the district's share of support for educational television station WENH.

Article 10. The moderator declared that no action could be taken under this article except to extend votes of thanks and that the meeting would return to Article 1.

As the polls were already closed, the ballots were ex-

amined and the votes for the various candidates were counted by the moderator, in the presence of the district clerk and other election officers. When the counting was completed, the result of the count was declared and publicly announced by the moderator as follows:

Total number of votes cast	200
For Moderator	
Ralph A. Pierce received	194 elected
For District Clerk	
Oliver F. Derby received	195 elected
For School Board Member	
Alden J. Beauregard received	122 elected
Edward O. Ryll received	77
Ralph A. Pierce received	1
For District Treasurer	
Oliver F. Derby received	192 elected
For Auditor	
Rachel Ohman received	191 elected

All officers elected and present were qualified.

Voted favorably on the motion of Geoffrey Frechette that the meeting be adjourned. The meeting adjourned at 9:40 p.m.

Attest OLIVER F. DERBY,

District Clerk

This is a true copy of the records of the District Clerk.

NOTES

- a. The \$149.70 of interest paid from the CHARLES C. WARD TOWN FUND was used to pay for the 1961 Christmas lighting.
- b. Actual interest earned was \$625.00 minus \$45.00 bond cost to give a net income of \$580.00.
- c. During the year 1962, principal cash was received from the Estate of Kate K. Davis to be added to the principal of the KATE K. DAVIS LIBRARY BOOK and/or GROUNDS FUND. This \$28.00 was invested in the KEENE CO-OPERATIVE BANK.
- d. The sum of \$12.00 was received on Oct. 17, 1961 from Philip M. Clark, Treasurer of the Marlboro Community Nursing Association, and was added to the principal of the KATE K. DAVIS MARLBORO COMMUNITY NURSING ASSOCIATION FUND. The \$12.00 was invested in the MONADNOCK SAVINGS BANK.
- e. \$200.00 JOHN JONES CEMETERY FUND: Created Sept. 19, 1961 by Susannah J. Johnson (Mrs. Ambrose C. Johnson, Jr.), 471 Parker St., East Long meadow, Mass., the income to be used only for the perpetual care of cemetery lot #103 in Pine Grove Cemetery, deeded to Annie E. Jones and Thomas Jones and referred to as the "John Jones" lot. This \$200.00 was invested in the MONADNOCK SAVINGS BANK.
- f. \$200.00 W. H. ALDRICH CEMETERY FUND: Created Aug. 8, 1961 by Esther E. Aldrich, Edgewater, Florida, the income to be used only for the perpetual care of cemetery lot #261. This \$200.00 was invested in the MONADNOCK SAVINGS BANK.
- g. The LUTHER HEMENWAY SOLDIERS TRUST FUND is partly invested in A. T. & T. Co. stock; the proceeds of \$12.95 from the sale of rights of this stock were added to the principal of this fund and reinvested in the PETERBOROUGH SAVINGS BANK.
- h. The GEORGE A. HEMENWAY CEMETERY FUND is partly invested in A. T. & T. Co. stock; the proceeds of \$8.63 from the sale of rights of this stock were added to the principal of this fund and reinvested in the PETERBOROUGH SAVINGS BANK.
- i. The BERTHA L. & FRED D. HEMENWAY CEMETERY FUND is partly invested in A. T. & T. Co. stock; the proceeds of \$21.58 from the sale of rights of this stock were added to the principal of this fund and reinvested in the PETERBOROUGH SAVINGS BANK.
- j. The BERTHA L. & FRED D. HEMENWAY CEMETERY FUND is partly invested in stock of the FIRST PENNSYLVANIA BANKING & TRUST CO.; the proceeds of \$12.46 from the sale of rights of this stock were added to the principal of this fund and reinvested in the PETERBOROUGH SAVINGS BANK.
- k. The LACONIA SAVINGS BANK changed its dividend dates during the year from 7/1 and 1/1 to 5/1 and 11/1 which accounts for the lesser amount of interest earned in the 1961 calendar year.
On December 30, 1961, checks were issued to the Trustees of Trust Funds for the following three new funds. Since these checks were not received until 1962, we will account for them in our 1962 report whereas the Selectmen will account for them in their 1961 report:
\$25,877.70 TOWN BUILDING FUND: Check issued by the Selectmen on Dec. 30, 1961 but received by the Trustees in 1962, from the unspent balance of insurance money received from fire insurance on the burned Town Hall. This fund has been invested in the Manchester Savings Bank.
\$4,604.77 KATE REID TRUST FUND: Check issued by the Selectmen on Dec. 30, 1961 but received by the Trustees in 1962, the annual income to be paid to the Selectmen for the general expenses of the Town of Marlboro. This fund has been invested in the Manchester Savings Bank.
\$100.40 JOHN REID CEMETERY FLOWER FUND: Check issued by the Selectmen on 12/30/61 but received by the Trustees in 1962; the income to be used only for the purchase of flowers for the John Reid cemetery lot. This fund was invested in the Manchester Savings Bank.
Respectfully submitted.
